President
Potomac Psychiatry
5920 Hubbard Drive
Rockville, MD 20852-4823
Tel: (301-984-9791 ext. 3
www.potomacpsychiatry.com

Board Certified in Psychiatry - 1980
Maryland Medical License D25760
BND # AK9657012

PERSONAL INFORMATION

Status: Married
Wife: Barbara Eden Kehr, L.C.S.W.
Children: Melanie Ann Kehr
Lisa Beth Kehr

PROFESSIONAL POSITIONS

1982 -

Founder and President, Potomac Psychiatry
(www.potomacpsychiatry.com) a private psychiatric group
practice

- Offering comprehensive, thoughtful, and sophisticated approach to understanding and solving emotional problems.
- Since 2009 revenue has grown 350% and new private pay patient visits have grown 300% (over 2300 new patients) by developing and implementing an innovative, highly personalized, patient service model, and SEO/SEM strategy.
- Potomac Psychiatry provides:
 - Special expertise in psychotherapy with senior business executives; medical, financial industry and legal professionals; and their immediate and extended family members
 - Special expertise in geriatric psychiatry
 - Evaluate and treat adolescent, adult and geriatric patients with mood disorders, anxiety disorders, adjustment disorders, and disorders of attention; with pharmacologic and psychotherapeutic methods.
 - Forensic Psychiatry services
 - Highly responsive personal service with rapid response times
 - Twenty-eight years of continuous service at the same location
 - Child, Adolescent, Adult and Geriatric Services provided by Professional Staff
 - Individual, Couples, Family Therapy
 - Psychopharmacology
 - Genetic Testing and interpretation

- Close liaison with local schools, outpatient addiction treatment centers, internists and family practitioners by appropriate clinical staff
 - Same day service in emergency situations
- 2013 - Chairman, Madrigal Health, LLC, a patent development and monetization company
- 2003 - 2010 Chairman and CEO, InforMedix, Inc., a healthcare information technology company.
- Invented core technology resulting in 15 issued and 6 pending patents
 - Founded InforMedix to bring the technology to market
 - Seven publications, including six peer-reviewed medical publications, and multiple presentations at conferences by academic researchers, that have validated the efficacy of the technology
 - Technology won awards from the Consumer Electronics Association/Consumer Electronics Show “2008 Innovations in Design and Engineering Award,” the Frost & Sullivan “Technology Innovation and Leadership Award,” and the American Medical Informatics Association “The Most Effective Use of Cutting Edge Technology Award”
 - Innovative patent financing debt vehicle created
 - Attracted global disease management, financial, and pharmaceutical executives to serve on Board of Directors and Scientific Advisory Board
 - Nationally recognized expert and speaker on medication adherence and home monitoring technologies
 - Led the acquisition of InforMedix IP and technology, and placing it into privately held AdhereRx Corporation
